Re: WC Docket No. 14-58

2015 ETC Annual Report of Yadkin Valley Telephone Membership

Corporation

Study Area Code 230511 Request for Confidentiality

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Yadkin Valley Telephone Membership Corporation ("Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules, withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

- 1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").<sup>3</sup>
- 2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2015 Report.<sup>4</sup>
- 3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

<sup>&</sup>lt;sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>&</sup>lt;sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>&</sup>lt;sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>&</sup>lt;sup>4</sup> 47 C.F.R. §§ 54.313(a)(1).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its March 5, 2013 Order, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories." The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

<sup>&</sup>lt;sup>5</sup> See Connect America Fund et al., WC Docket 10-90 et al., Order, DA 13-332 (rel. Mar. 5, 2013) ("March 5, 2013 Order") at para 9 citing Section 54.202(a) (1) (ii).

- disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
- 7. Any previous versions of this information are not publicly available.
- 8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
- 9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall JSI Vice President

Yadkin Valley Telephone Membership Corporation's Demonstration of Complying with Applicable Service Quality Standards and Consumer Protection rules for voice and broadband services:

In establishing this certification in its 2005 ETC Order,<sup>1</sup> the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers." <sup>2</sup> The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis. <sup>3</sup> In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."

Yadkin Valley Telephone Membership Corporation ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules for voice and broadband services. The Company is subject to consumer protection obligations under both federal and state law. The obligations for voice services include, but are not limited to, the following: jurisdiction of the North Carolina Rural Electrification Authority under N.C. Gen. Stat, Chap 117, for customer complaints. The obligations for broadband services include, but are not limited to, public disclosure of

<sup>&</sup>lt;sup>1</sup> Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("2005 ETC Order").

<sup>&</sup>lt;sup>2</sup> *Id.* at para. 28.

<sup>&</sup>lt;sup>3</sup> *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

accurate information regarding network management practices, performance, and commercial terms of broadband internet access services as a means of providing sufficient information for consumers to make informed choices regarding use of such services and for content, application, service and device providers to develop, market, and maintain internet offerings, in accordance with F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the 2015 Open Internet Order when it becomes effective.

### Yadkin Valley Telephone Membership Corporation's Demonstration of Ability to Function in Emergency Situations for voice and broadband services:

Yadkin Valley Telephone Membership Corporation ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and N.C. Gen. Stat. § 62A. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and in its electronic equipment sites.

The company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

#### LIFELINE ENROLLMENT REQUIREMENTS

#### **JUNE 2012**

Beginning June 1, 2012, all eligible telecommunications carriers (ETCs) are required to confirm an applicant's eligibility prior to enrolling the applicant in Lifeline.

If an ETC has no access to an eligibility database and the ETC, rather than a state agency or administrator, is responsible for establishing consumer eligibility, ETCs **must review documentation** to determine eligibility for new Lifeline subscribers.

ETCs have an obligation to keep accurate records of the data sources used to verify a consumer's eligibility for Lifeline, either through income or participation in a qualifying program. However, the Federal Communications Commission (FCC's) rules are clear that **an ETC must not retain any documentation** provided by a consumer to demonstrate his or her eligibility for Lifeline.

#### **Income Eligibility**

A consumer may be eligible for Lifeline if he or she has a household income at or below 135% of the Federal Poverty Guidelines.

#### **Income Eligibility**

An applicant may be eligible for Lifeline if he or she has a household income at or below 135% of the Federal Poverty Guidelines.

If a Lifeline applicant is claiming eligibility based on income, an ETC must review documentation demonstrating the individual's income. If the ETC has access to a database that contains information to confirm the subscriber's income, the ETC must use the database to validate the applicant's income. If there is no database available, the ETC must review documentation that demonstrates the applicant's income. The FCC has deemed the following as acceptable documentation of income (47 C.F.R. §54.410(b)(1)(i)(B):

- The prior year's state, federal, or Tribal tax return
- A current income statement from an employer or paycheck stub
- A Social Security statement of benefits
- A Veterans Administration statement of benefits
- A retirement or pension statement of benefits
- An Unemployment or Workers' Compensation statement of benefits
- A federal or Tribal notice letter of participation in General Assistance
- A divorce decree, child support award, or other official document containing income information

If the documentation relied on does not cover a full year, such as a current pay stub, the subscriber must present the same type of documentation covering three consecutive months within the previous twelve months.

#### **Program Eligibility**

Consumers receiving benefits from one of the qualifying programs generally receive either a benefit or program participation award letter.

- Public Housing Assistance (FPHA) or Section 8
- Low Income Home Energy Assistance Program (LIHEAP)
- National School Lunch Program's free lunch program (NSLP)
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)
- Food and Nutrition Services (FNS) formerly known as Food Stamps
- Medicaid

#### **Acceptable Forms of Documentation**

#### Public Housing Assistance (FPHA) or Section 8

There are two types of documentation that can prove receipt of benefits under the Public Housing Assistance (FPHA), or Section 8, Program.

First, an applicant can provide an award letter. A recipient of Public Housing Assistance (FPHA), or Section 8, receives an award letter from his or her local Public Housing Agency (PHA). The award letter should include the following information:

- Name of program
- Date of award
- Name of beneficiary
- Award amount

Second, an applicant can provide either a Public Housing Assistance Lease Agreement or a Section 8 Voucher. These items should clearly reflect the type of Public Housing Assistance credit issued.

If the beneficiary does not have an award letter, lease agreement, or voucher, the applicant can contact the agency that approved the application and request formal documentation of his or her award. To find contact information for a local Public Housing Agency, please visit the U.S. Department of Housing and Urban Development's state contact and agency listing.

The beneficiary named on the FPHA documentation may be a member of the Lifeline applicant's household, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the name of the Lifeline applicant, the ETC must record the name of the beneficiary and

confirm by receiving certification from the applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

#### Low Income Home Energy Assistance Program (LIHEAP)

There are two types of documentation applicants can provide to demonstrate receipt of LIHEAP benefits.

First, a LIHEAP participant might have an award letter from a state agency. The award letter will include the following:

- o Name of program
- Date of award
- Name of beneficiary
- Award amount

In some instances, if the beneficiary received notification of his or her approval in-person, the awardee might not have a formal award letter and will need to contact the state agency that approved the application to request a formal award letter.

Second, a LIHEAP participant can provide a utility bill that reflects the Housing Assistance credit. The utility bill should clearly reflect inclusion of an Energy Assistance credit.

The beneficiary named on the LIHEAP documentation may be a member of the Lifeline applicant's household, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the name of the Lifeline applicant, the ETC must record the name of the beneficiary and confirm by receiving certification from the applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

To find contact information for a local LIHEAP agency, please visit the Low Income Home Energy Assistance Program's state contact and agency listing.

#### National School Lunch Program's Free Lunch Program (NSLP)

Although the National School Lunch Program's Free Lunch Program (NSLFP) is a federally assisted program, award letters are provided by state agencies and, thus, will vary by locality.

All award letters should contain the following basic information:

- Name of program
- Name of beneficiary
- Address of beneficiary
- Date of award

The beneficiary named on the NSLP documentation may be a dependent of the Lifeline applicant, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the

name of the Lifeline applicant, the ETC must record the name of the beneficiary and confirm by receiving certification from the applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

#### Supplemental Security Income (SSI)

Participation in the federal portion of SSI is an eligibility criterion for Lifeline. Some states offer state supplements to the federal SSI program, but receipt of benefits from the state supplement, but not federal SSI, does not qualify an individual for Lifeline.

All award letters should contain the following basic information:

- Name of program
- Name of beneficiary
- Address of beneficiary
- Date of award
- Award amount

A benefit check stub from the Social Security Administration may also be submitted as proof of participation, if the check stub clearly states the date and name of the beneficiary.

The beneficiary named on the SSI documentation may be a dependent of the Lifeline applicant, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the name of the Lifeline applicant, the ETC must record the name of the beneficiary and confirm by receiving certification from the applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

#### **Temporary Assistance for Needy Families (TANF)**

All award letters should contain the following basic information:

- Name of program
- Name of beneficiary
- Address of beneficiary
- Date of award

The beneficiary named on the TANF documentation may be a member of the Lifeline applicant's household, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the name of the Lifeline applicant, the ETC must record the name of the beneficiary and confirm by receiving certification from applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

#### Food and Nutrition Services (formerly known as Food Stamps)

The Food and Nutrition Services (FNS) was previously known as Food Stamps. Beneficiary cards and award letters may vary because FNS is administered on a state level. It is recommended that an award letter from the local state agency be used for Lifeline verification purposes.

All award letters should contain the following basic information:

- Name of program
- Name of beneficiary
- Address of beneficiary
- Date of award

The beneficiary named on the FNS documentation may be a member of the Lifeline applicant's household, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the name of the Lifeline applicant, the ETC must record the name of the beneficiary and confirm by receiving certification from the applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

#### Medicaid

Each state provides its own unique Medicaid card to beneficiaries. However, most cards should clearly state the following:

- Name of program
- Name of beneficiary
- State of residence
- Issued or effective date
- The name of the state agency that provided the card

The beneficiary named on the Medicaid documentation may be a dependent of the Lifeline applicant, rather than the applicant. If the name of the beneficiary on the documentation provided does not match the name of the Lifeline applicant, the ETC must record the name of the beneficiary and confirm by receiving certification from the applicant that the named beneficiary is a member of his or her household, and that this individual does not receive Lifeline.

#### **Record-Keeping Requirements**

The Lifeline Modernization Order requires carriers to follow certain procedures when verifying an applicant's eligibility.

#### **Record-Keeping Requirements**

ETCs must confirm a consumer's eligibility prior to enrolling the consumer in Lifeline. Regardless of the method an ETC uses to confirm an applicant's eligibility for Lifeline (querying a database, receiving

confirmation from a state agency, or reviewing a consumer's documentation) the carrier is required to retain certain records.

In each instance, carriers should note whether the program beneficiary is the Lifeline applicant or a member of the applicant's family. If the applicant is enrolling in Lifeline based on the eligibility of a family member, the ETC should confirm in writing that the beneficiary named on the documentation (award letter, voucher, etc.) is a member of the applicant's household, and that the named beneficiary is not receiving Lifeline service.

Carriers must not retain copies of applicant's personal documentation that is viewed to validate eligibility. Instead, ETCs must keep accurate records that provide details about how each consumer demonstrated his or her eligibility. Carriers should be sure their records sufficiently document the type of record relied on to verify eligibility. Carriers can use the following checklist to establish procedures that comply with the FCC's rules.

#### **Application/Certification Form**

- 1. For each Lifeline applicant, retain a completed application that contains the following information from the prospective subscriber (*see* 47 C.F.R. § 54.410(d)(2)-(3)):
  - a. The subscriber's full name;
  - b. The subscriber's full residential address;
  - c. Whether the subscriber's residential address is permanent or temporary;
  - d. The subscriber's billing address, if different from the subscriber's residential address;
  - e. The subscriber's date of birth;
  - f. The last four digits of the subscriber's social security number, or the subscriber's Tribal identification number, if the subscriber is a member of a Tribal nation and does not have a social security number;

  - h. If the subscriber is seeking to qualify under the income-based criterion, the number of individuals in his or her household; and
  - i. A certification, under penalty of perjury, that:
    - The subscriber meets the income-based or program-based criteria for receiving Lifeline;
  - The subscriber will notify the carrier within 30 days if for any reason he or she no longer satisfies the criteria for receiving Lifeline including, as relevant, if the subscriber no longer meets the income-based or program-based criteria for receiving Lifeline support, the subscriber is receiving more than one Lifeline benefit, or another member of the subscriber's household is receiving a Lifeline benefit;
  - iii If the subscriber is seeking to qualify for Lifeline as an eligible resident of Tribal lands, he or she lives on Tribal lands;
  - iv. If the subscriber moves to a new address, he or she will provide that address to the ETC within 30 days;

- v If the subscriber provided a temporary residential address to the ETC, he or she will be required to verify his or her temporary residential address every 90 days;
- vi The subscriber's household will receive only one Lifeline service and, to the best of his or her knowledge, the subscriber's household is not already receiving a Lifeline service;
- vii. The information contained in the subscriber's certification is true and correct to the best of his or her knowledge;
- viii The subscriber acknowledges that providing false or fraudulent information to receive Lifeline benefits is punishable by law; and
- The subscriber acknowledges that the subscriber may be required to re-certify his or her continued eligibility for Lifeline at any time, and the subscriber's failure to re-certify as to his or her continued eligibility will result in de-enrollment and the termination of the subscriber's Lifeline benefits.

#### **Proof of Eligibility Verification**

- 1. For each Lifeline applicant for which the ETC relied on a state or federal social service or income database to verify eligibility, retain the following records:
  - a. The name of the database queried;
  - b. The date the database was queried; and
  - c. A copy of the confirmation received or a screen-shot of the page confirming eligibility (if available), or a confirmation by the ETC's employee or agent that the database confirmed eligibility.

## Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly Began Providing Service

The FCC's *USF/ICC Transformation Order* requires a listing of community anchor institutions to which the ETC newly began providing broadband service. As an ILEC Yadkin provides broadband to any community anchor institution in its service area and provided a list of currently served anchor institutions in its filing in 2014. Yadkin did not have any newly served anchor institutions in 2014. However, Yadkin did upgrade broadband for the following list of community anchor institutions in calendar year 2014.<sup>1</sup>
